

Regulation CE 428/2009

Dear Customer,

We would like to remind you that Customs control activities on exportation have been intensified.

For this reason we would like to tell you that when you are shipping some of the products listed above, **it's it is compulsory that you add the Dual Use declaration below to the commercial invoice:**

"According to the regulation CE 428/2009 which sets up a Community regime for the control of exports of dual-use items and technology, we declare that the products covered by this document are(ex: parts of machinery for kneading dough, etc) therefore intended for civil purposes only."

We inform you that Customs will not allow the exportation whether the Dual Use declaration is missing.

"Dual-use" items are goods, including software and technology, which can be used for both civil and military purposes.

The following is a list of the main primary industries impacted:

- a. Software.
- b. Integrated circuits.
- c. Books, newspapers, papers, brochures, advertising/trading catalogues, printed materials in general.
- d. Plastic materials.
- e. Clay.
- f. Optical instruments, photography equipment, services allied to motion pictures, measuring and controlling devices and related parts.
- g. Chemicals and pharmaceutical allied products.
- h. Metals.
- i. Machinery and equipment, electrical apparatus and equipment, audio and video equipment, television equipment and related parts- data processing machinery and related parts.
- j. Transportation equipment (vehicles, automobiles - water or air transportation) and related parts.
